It's that special time of the year - the one day where any donation made to our organization will be matched and doubled. Your donation will go further to help in our mission to lessen the trauma to abused children and their families.

The CACCB is fortunate to be invited again to participate in the Coastal Bend Day of Giving on Tuesday, Nov. 13. We're one of 50 organizations taking part in this 24-hour online event, which begins on Nov. 13 at midnight to raise funds for non-profits. This year, 25 local funders have pledged \$900,000 in matching grants. Any amount over \$10 donated will be matched and doubled, allowing us to raise at least \$36,000. That means a \$50 donation becomes \$100 and so on!

"This is a major fundraiser for the CACCB and comes at a time when we need it most," said Executive Director Clarissa Mora. "In the last year, the number of children we have served has increased significantly, with that trend expected to continue. We have also moved to a new and larger location

EXECUTIVE DIRECTOR'S CORNER

By Clarissa Mora

In 2017, the CACCB forensically-interviewed 1,410 children who were alleged victims of abuse and/or neglect. As of October 31, 2018, the CACCB Forensic Interview team has already conducted 1,459 forensic interviews; this is approximately a 25% increase from this time in 2017. Our Family Advocates have also been very busy this year, providing services to more than 785 families; about a 15% increase from 2017. The children and the families we serve, live right here in the Coastal Bend.

We are committed to providing a child-focused and child-friendly setting for kids to feel comfortable talking about the abuse they've endured, and we work tirelessly to ensure that every child receives the justice they deserve. While the Board of Directors and Staff are important in guaranteeing these services are delivered, our Coastal Bend Community certainly plays an integral role in sustaining and expanding our services and programs. Good deeds performed by the Community, such as volunteering, donating, and advocating for the CACCB, continue to be the backbone of this organization. With the support of our community, our efforts are limitless.

This year, we are fortunate to be one of the many non-profits selected to participate in the Coastal Bend Day of Giving. This is a very special day because every dollar donated to the CACCB through the Coastal Bend Day of Giving website is matched and doubled! Simply visit www.coastalbenddayofgiving.org/CACCB and make your donation. We are truly grateful for the wonderful community we are a part of and for the outpouring of support we consistently receive.

PARTNER PROFILE:

STEVE LINAM

For the last 15 years, Inv. Sgt. Steve Linam, Bee County Sheriff's Office, has worked with the CACCB in an effort to obtain more information to protect the child. He investigates many child sexual assaults and utilizes the CACCB to interview those victims, and juveniles who have acted on other children, to determine if they have been victims themselves.

"There have been ... family violence cases in which I've had children interviewed at the CACCB to get a fuller, clearer picture of what's

going on in the home, and the impact that it's having on the children," he said. "I believe in the CACCB because their expertise has enabled me to get information vital to my cases."

Linam often attends MDT meetings with other agencies to coordinate interviews and share thoughts and information on cases. He believes that children should always come first, and that the CACCB shares that priority.

"I'd be lost without their assistance on many cases," he said. "None of us knows it all. A second or third set of eyes on a case is always an asset. Other persons have different experiences and knowledge, and may see things that you have not, or be able to suggest paths you have not considered. We're all here to protect the children, so why not work together to further that goal?"

VALERO BENEFIT FOR CHILDREN PRESENTS CACCB WITH DONATION

This marks the first time we receive funding for our new Boys' Teen Support Group!

Flores

Cheryl Parker and Sasha Flores, who both worked in our MEP Program, have moved to new CACCB positions. Parker became a Family Advocate in September. Flores, who recently received her Master's Degree in Social Work, from the University of Texas at Arlington, was promoted to therapist in October.

Forensic Interviewer Arianne Chapa played a special part in getting our new CACCB building ready for visitors. No matter what needs to be done, Chapa is always ready to lend help with a smile. At a moment's notice, she is ready to go above and beyond for the Center. She helped decorate the interview rooms, fixed the front door and took the initiative to make updates around the office.
